

A66 SURTEES BRIDGE

Project Name

A66 Surtees Bridge, Stockton-on-Tees, Cleveland

Client

Highways Agency

Main Contractor

Edmund Nuttall

Programme

Completion: Phase 2 Estimated March 2007

Value

£3.3m

Tonnage

1,936 tonnes

Project Description

The existing bridge, carrying the A66 Dual carriageway over the River Tees, currently does not meet all the engineering standards required to take the latest 40 tonne heavy goods vehicles. The existing structure is being replaced by a new wider 3-lane structure, which will accommodate the slip roads to and from the new South Stockton Link Road.

Cleveland are responsible for the supply, fabrication, delivery and erection of the new plate girder bridge. The contract has two phases and erection will be carried out during possessions.
